

Tulare Joint Union High School District School Site Athletic Participation Attendance Code

- Students shall be in attendance all periods of the day of an athletic event or in attendance the day prior to a weekend athletic competition.
- Any absence from school will prohibit a student from participating in an athletic event on the day that the student was absent from school, or the following day, if it is a weekend athletic competition.
- The only exception to this attendance requirement will be:
 1. A doctor or dentist appointment with an off campus pass, if required.
 2. A funeral.
 3. A family emergency verified by the principal and the athletic director (illness of the student is not considered an emergency).
 4. A school sponsored activity.
- If a student participates in an athletic competition which he or she was not cleared, he or she shall be suspended for the next full day of athletic competition.

TWHS Baseball Attendance Policy

- The baseball program will follow the policy of the school and Athletic Director, which was listed on the previous page.
- As a coach I do not like to see my student/athletes tardy or ditching class. I understand there will be occasions where they are tardy, but if it becomes a problem and I am notified of it by a teacher or the front office or I see it they will be held accountable. This could mean a start in a game and or not playing that game.
